

Dias Raihan Ichsandy

A chemical analyst with four years of experience and a bachelor's degree in industrial engineering who is now shifting to be a data analyst.

I am data enthusiast that passionate to work with data. I enjoy to work with data analysis process from asking and understanding business problem, preparing, processing, analyzing, interpreting, and delivering the result into actionable insight.

I have good analytical thinking, problem-solving skills, and an eagerness to learn new things. In my life, there is no time to waste without learning and improving myself.
